

SAINT LOUIS UNIVERSITY  
—  
CENTER FOR ENTREPRENEURSHIP

September 2, 2016

Corey E. Mohn  
CAPS Network  
7501 W. 149<sup>th</sup> Terrace  
Overland Park, KS 66223

Dear Mr. Mohn:

The Saint Louis University Center for Entrepreneurship proudly supports the Center for Advanced Professional Studies (CAPS) Network.

The CAPS Network provides a rich learning experience in which education, business, and community join together to create meaningful experiences for its members. By providing students the opportunity to engage with and contribute to real world experiences and challenges, the CAPS Network fosters an innovative approach to education while adding value to business and community partners.

Saint Louis University was one of the first 20 universities in the United States to start teaching entrepreneurship in 1973, and consistently seeks to extend entrepreneurial excellence beyond the walls of the university. As such, Saint Louis University has been pleased to work closely with the CAPS Network. The value of CAPS is evident among its members, particularly among those who have been selected as finalists for the various high school programs and competitions offered through Saint Louis University's Center for Entrepreneurship each year.

We fully endorse the CAPS Network and its importance in shaping future businesses and communities.

Sincerely,

Laura Gardner  
High School Program Coordinator, Center for Entrepreneurship  
Saint Louis University
